See below:
Approvals and Compliances

## Description

- Capacitive touch sensor as momentary push button (NO or NC) or as latching switch (LA)
- Protection against unintended switching
- Multicolor illumination
- Potential free output contacts
- Laser lettering possible
- Vandal resistant
- Wires (8 wires for Multicolor, 4 wires otherwise)²; 26AWG, $0.128 \mathrm{~mm}^{2}$

## Unique Selling Proposition

- Variable supply voltage
- Constant LED intensity
- Inputs protected against overvoltage
- Galvanic separated outputs

## Characteristics

- Housing made from stainless steel
- Various illumination colors and color combinations possible
- Touch surface made from scratch-resistant ceramics with area illumination or made from stainless steel with ring illumination
- Ring or area illumination
- Wearless, no moving parts
- Attractive design with or without finger guide available

Important information

- The CPS is not suitable for use in sanitary or other applications exposed to water or other liquids.
- The housing is connected to gnd.

## Technical Data

## Electrical Data

| Switching Function | momentary $\left(\mathrm{NO}^{1}\right)$ or latching |
| :--- | :--- |
| Switching Voltage | $\max .42 \mathrm{VAC} / 60 \mathrm{VDC}$ |
| Switching current | $\max .100 \mathrm{~mA}$ |
| Electrical Rating | 1 W |
| Switch Resistance OFF | $>10 \mathrm{M} \Omega$ |
| Switch Resistance ON | $<16 \Omega$ |
| Supply Voltage | $5-28 \mathrm{VDC}$ |

Current Consumption all LEDs 2.5 mA (switch is open) off

|  | 8.5 mA (switch is closed) |
| :---: | :---: |
| Current Consumption llumination red, green or blue | 8.0 mA (switch is open) |
|  | 14.0 mA (switch is closed) |
| Current Consumption Illumination yellow, cyan or magenta | 14.0 mA (switch is open) |
|  | 20.0 mA (switch is closed) |
| Current Consumption 3 LED on | 19.0 mA (switch is open) |
|  | 25.0 mA (switch is closed) |
| Reverse Polarity Protection | yes |
| Short Circuit Protection | yes |
| Output Type | OptoMOS Relay |
| Lifetime | 5 million actuations |
| Connection type | Wires ( 8 wires for Multicolor, 4 wires otherwise) ${ }^{2}$; 26AWG, $0.128 \mathrm{~mm}^{2}$ |

## Mechanical Data

| Mechanical Data | capacitive |
| :--- | :--- |
| Actuation Type | none |

[^0]Approvals and Compliances

Detailed information on product approvals, code requirements, usage instructions and detailed test conditions can be looked up in Details about Approvals

SCHURTER products are designed for use in industrial environments. They have approvals from independent testing bodies according to national and international standards. Products with specific characteristics and requirements such as required in the automotive sector according to IATF 16949, medical technology according to ISO 13485 or in the aerospace industry can be offered exclusively with customer-specific, individual agreements by SCHURTER.

## Product standards

Product standards that are referenced

| Organization | Design | Standard | Description |
| :--- | :--- | :--- | :--- |
| IEC | Designed according to | IEC 61000-6-1 | Switches for appliances. Part 1. General requirements |

## Application standards

Application standards where the product can be used

| Organization | Design | Standard | Description |
| :--- | :--- | :--- | :--- |
| IEC | Suitable for applications acc. | IEC/UL 62368-1 | Audio/video, information and communication technology equipment - Part |
|  |  | $1:$ Safety requirements |  |

## Compliances

The product complies with following Guide Lines

| Identification | Details | Initiator |
| :--- | :--- | :--- |
| CE | CE declaration of conformity | SCHURTER AG |
| UK |  |  |
| RoHS | UKCA declaration of conformity | SCHURTER AG |
| REACH | ROHS |  |

| 22 | Ring Illumination | multicolor | without | momentary (N0) | Stainless Steel | Hexagon nut | 3-101-429 |

Common parameters for all standard variants:

- Housing material: stainless steel
- Switching current: 100 mA
- Illumination supply voltage: $5 \mathrm{~V}-28 \mathrm{~V}$ (variable)
- IP protection: IP67- IK protection: IK09
- Terminal connection: wires ( 8 wires for RGB, 4 wires otherwise), standard wire length is 200 mm

Latching and momentary NO switch are open after power-up (protection against unintended switching)
NO: normaly open
Most Popular.
Availability for all products can be searched real-time: https://www.schurter.com/en/info-center/support-tools/stock-check-distributors
Minimum order quantity for standard variants with or without laser marking is 20 pieces.

Configurations which are not listed as standard in the table above can be requested as customized variants. The configuration code can be used for customizing this product.
Please contact us in case more detail information is needed.

## Packaging unit
